Best of Everything

For Your Health's Sake--

It is the fixed policy of Richards' Market to handle only government inspected meat products.

When you order a steak or a roast from the Voice with a Smile you are certain that it comes from an animal that has passed the rigid test of government inspection both before and after it was slaughtered.

Then—it is another Richards' policy to buy only better than necessary meats.

These two things, together with the efficient working of the whole Richards organization assure you of quality at a cost no greater than you would pay for "just meat."

PHONOGRAPH COMPARISON CARD

How to score:
The original performance of the Edging order is the standard by which all reproductions must be judged.
Compare the original performance of the Edging order with the reproduction of the same order. If the reproduction is better than the original, it is a success. If it is not, it is a failure.
Mark an "X" for the phonograph which best succeeds in producing the effect of the original performance of the Edging order.

Impressions of Realism, i.e. which phonograph best succeeds in giving you the impression that you are listening to the real live artist.	Phonograph No. 1	Phonograph No. 2	Phonograph No. 3	Phonograph No. 4
1 Bass Voice Recordings				
2 Soprano Voice Recordings				
3 Piano Recordings				
4 Cornet Recordings				
5 Violin Recordings				
6 Banjo Recordings				
7 Playing Record made for other phonographs				
8 Emotional Reaction, i.e. which phonograph best succeeds in making you experience the same emotion, or mood change, or which you would receive when listening to living artists.				
Total	0	0	0	9

Dr. Bingham is Director of Research, Carnegie Institute of Technology, Hensched his Comparison on a Phonograph Comparison Card. It will help you select your Christmas phonograph. Come in. Get one. Or, mail the coupon.

too wonderful?

Get a Phonograph Comparison Card and Compare for yourself!

DR. W. V. BINGHAM, eminent research scientist, made a scientific comparison between four prominent phonographs. He wanted to determine which was the best. The Phonograph Comparison Card, above, shows the result. Phonograph Number 4 made a clean sweep of all 9 tests. That phonograph was

The NEW EDISON

This marvelous victory is easily explained. The New Edison is the only phonograph which has proved there is no difference between its RE-CREATIONS of music and the original music.

But, if you wish to reassure yourself completely,—do what Dr. Bingham did. Listen to Frieda Hempel, as she sounds on the ordinary phonograph; then hear the New Edison RE-CREATE her voice. Compare, in the same way, with other artists who have made both Edison RE-CREATIONS and talking-machine records. Score each result,—on a Phonograph Comparison Card. You will discover that Miss Hempel is indeed Miss Hempel on the New Edison, while on the talking-machine, she is something entirely different.

The New Edison, because of its perfect realism, brings you the true beauties of every kind of vocal or instrumental music.

Compare, compare, compare! We will gladly supply you with a Phonograph Comparison Card. If you can't come in, send the coupon,—today!

You can give this wonderful NEW EDISON for \$
